

Lisburn RFC Mini Section Newsletter – August 2024

<https://www.lisburnrugby.co.uk/mini-section>

Hello all,

I hope you are enjoying the summer break from Rugby, all too soon it will be time to get back to the club and start another year to give our kids the next stage in their rugby adventure. We start back on Saturday 31st August for P2-P7 and a week later for P1 (see the website for fixture/training list & times)

Registration

It is imperative that all players are registered before attending so follow the website links as soon as possible if you haven't already.

- A reminder particularly to those entering P4 - Gum shields become mandatory

WhatsApp

If you are not on the age groups WhatsApp group by 30th August please message me

Volunteers

As you will all be aware the mini section and club is run by volunteers, it cannot operate without the amazing support of these people. We'll be asking for help for items like car park marshalling during the season so please help where you can.

All age groups need a coaching ratio between 1:6 and 1:8 to ensure the maximum engagement and fun for our kids. **Can I ask that parents with kids in P1 to P3 volunteer to help** by reaching out to me or the Lead coach. This need not be a weekly commitment and no experience is required, however we do need to increase the numbers helping. I can ensure you its very rewarding and you certainly stay warmer during winter than standing on the sideline !!

Website

The Clubs website has been re-vamped so please take a look as much of the information moving forward will be published here – Let me know via email if anything is missing

Club Welfare Officer

Wes is hanging up his boots fulfilling this role and has handed over to myself moving forward. Huge thanks to Wes for volunteering and covering this important role.

If there are any questions or queries, please get in touch. Looking forward to seeing you all in a few weeks.

Best regards,

Matt Collis
Mini Convenor / Club Welfare Officer
